United for our future

PARTNERSHIP

Protect historical and environmental heritage, is a strong commitment for the Château Saint-Martin & Spa.

The hotel is in partnership with the city of Vence and the French Heritage Foundation to restore an emblematic villa, called "Villa Le Rêve".

We invite you to contribute to the restoration by making a donation at the reception during your stay.

VILLA LE RÊVE

Called too "Villa Matisse", it was the home of the famous painter, Henri Matisse, in the 40s. He created the most iconic painting, now exhibit in all the international collections.

« Beautiful villa (...). A beautiful terrace with a balustrade abundantly lined with variegated Roman ivy and beautiful geraniums of a warm color that I did not know - beautiful palm fronds fill my windows. »

Henri Matisse. Roman, Paris, Gallimard (vol. 1), 1971, p. 187
